

Regalia for Grads

We would like to congratulate those Grade 12 students who will be graduating this year. Also, we would like to congratulate those Grade 7 students who will be graduating to Grade 8 and going to the high school next fall.

In partnership with LFN Justice, we would like to show our community support to the grads and would like to sew them their Kaska regalia for their graduation. We are asking the elders who have extensive experience in sewing dresses and vests to meet with us. If you have the patience and enjoy working with a team and the dedication to complete the sewing in time for the grad then we are interested in hearing from you.

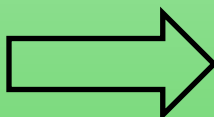

We will be sewing the regalia for the Grade 12 on the condition that they will be graduating this year. Should the student be unable to complete their assignments and not pass this year then their regalia will be kept at the school. This would also apply to the grade 7 students that will be graduating to Grade 8.

Those who are interested in sewing the regalia for our grads please attend the measurements to begin this awesome project, otherwise phone our office if you can't attend the measurements.

The measurements for the grade 7 grads will be at 10am on March 2nd at Johnson Elementary and the measurements for the grade 12 graduates will be at:

- **When: March 2nd**
Where: WLSS
(Linda McDonald's
Classroom)
Time: 2pm

Youth for Safety

We are very pleased with the Youth for Safety Workshops in the school and feel so inspired being with such energetic creative youth. We have held our first workshop in January which looked at understanding dignity and what happens to people's dignity when they have been harmed and we also explored how we as humans find ways to protect each other's dignity.

Our next workshop which is closed to the youth and support people is scheduled for February 17th and 18th.

DIGNITY. It means a belief in oneself, that one is worthy of the best. It means that what I have to say is important, and I will say it when it's important for me to say it. **Dignity really means that I deserve the best treatment I can receive.** And that I have the responsibility to give the best treatment I can to other people.
