

# Youth for Safety

## *Be part of the change*

**WHAT?** Youth for safety is a three-year project about dignity, safety, justice, and violence against women and girls. It explores how we as a community keep women safe and how women stay safe.

**WHO?** This project honours the need for active Youth participation in addressing issues of violence against women and girls. After a successful launch, we are recruiting more Youth **grades 8-12** to join us for year 2.

**WHY?** Youth who get involved develop the knowledge and skills needed to assume a leadership role in promoting safety and justice for young women and girls, youth to youth and within the community at large.
